

Business

(OCR Level 3 Cambridge Technical)

Business is the investigation of how businesses work efficiently in all aspects of their operations. It focuses on the internal functions of business and the formation of strategy, and it also examines the external environment with which the business must interact in order to meet the needs of its customers.

A Business classroom is an exciting place to be. Active discussion is encouraged, and students will be able to draw upon their own knowledge of the wider world to better inform their understanding of the topics. The Cambridge Technical qualification allows students to be assessed through both external examinations and internally assessed ongoing coursework. The qualification will give learners skills, knowledge and a thorough understanding of business; it is equivalent to one full A level and will allow learners access to higher education on business-related programmes.

Entry Requirements:

GCSE grade 4 in Mathematics.

Course Content

Year 12	%	When	Content
The Business Environment (External exam)	33.3%	May of Year 12	This unit will give learners an understanding of the wider external contexts in which businesses operate and of internal business functions and their interdependencies. The unit will allow learners to appreciate how legal, financial, ethical and resource constraints can affect business behaviour and the influence that different stakeholders can have and how businesses must respond.
Customers and Communication (Internally assessed coursework)	16.6%	Year 12	Customers are vital to the success of a business. This unit give learners an understanding of how important it is for businesses to know their customers and what influences customer behaviour. In this unit, learners will understand how to communicate with customers.
Year 13	%	When	Content
Working in Business (exam)	16.6%	January of Year 13	This unit will give learners an understanding of the type of critical skills needed when working in business, such as organisation, prioritisation and effective communication. These skills are critical to the success of any business and are highly valued in the business world.
Marketing and Market Research (coursework)	16.6%	Year 13	This unit gives learners an in-depth understanding of primary and secondary market research methods. Learners will carry out market research, analyse results, evaluate methods and present findings.
Responsible Business Practices (coursework)	16.6%	Year 13	Businesses do not exist in isolation; they must make decisions which seem right, fair and ethical for society. This unit explores topical issues such as employment practices, environmental responsibility and engagement with the local community.

Career Links

The Cambridge Technical in Business could help you go on to further study in a range of areas, e.g. Business, Management, Marketing, Accounting and Finance. Employment prospects for students with a sound understanding of business are very good.
